

2020 Okanogan County Small Business Emergency Grant Program Donation Form

Now is the Time to Act and Keep Our Businesses and Self-Employed Alive

Despite the recent PPP and SBA loans and grants, many of our local businesses have not been able to access any of those funds. Those programs were almost entirely based around the number of employees a business had, was tied to them staying at work, and in many cases were completely inaccessible for many of our small, local businesses.

But in working with the Working Wa Emergency Grant program, we realized that a simple application, combined with a small group of local volunteers to score those applications, and a donation funding account from our local community, could create a LOCAL, SELF-FUNDED and EQUITABLE way for us to help keep our communities alive, and help make sure we can thrive again soon!

COVID-19 has impacted everyone and due to the Governors Stay Home Stay Healthy proclamation, we are at risk of losing small businesses that have been dedicated community partners for years and years. Many of these businesses are owned by people who support our schools, community activities and donate to our youth sports teams, fairs, rodeos and livestock sales. These are establishments that our families and friends have long patronized and who were not prepared for the shut down. They need our help and support now, more than ever.
